

MRS. THOMSON TELLS WOMEN

How She Was Helped During Change of Life by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I am just 52 years of age and during Change of Life I suffered for six years terribly. I tried several doctors but none seemed to give me any relief. Every month the pains were intense in both sides, and made me so weak that I had to go to bed. At last a friend recommended Lydia E. Pinkham's Vegetable Compound to me and I tried it at once and found much relief. After that I had no pains at all and could do my housework and shopping the same as always. For years I have praised Lydia E. Pinkham's Vegetable Compound for what it has done for me, and shall always recommend it as a woman's friend. You are at liberty to use my letter in any way."—Mrs. THOMSON, 649 W. Russell St., Philadelphia, Pa.

Change of Life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

FRISCO MAKES MADILL LOCAL FREIGHT DIVISION

Agent Alsop has received notice of orders, effective November 1st, making Madill a local division on the Frisco lines.

The order will work the local crews of the A. & C. east and west out of Madill and also, the local crews north on the main line. The local south of Madill will work out of Sherman, Tex. This local will run to Madill, turn around and go back to Sherman, where it will tie up for the night.

A committee composed of a number of the leading business men of Madill have been at work with the proper heads of the Frisco for the past several months in the matter of securing railway favors for Madill and it is thought the establishment of this local division may mean an opening wedge which will mean more for Madill from a railway standpoint, within a very few months.—News-Democrat.

How To Get Rid of a Bad Cough

A Home-Made Remedy that Will Do It Quickly, Cheap and Easily Made

If you have a bad cough or chest cold which refuses to yield to ordinary remedies, get from any druggist 2½ ounces of Pinex (50 cents worth), pour into a pint bottle and fill the bottle with plain granulated sugar syrup. Start taking a teaspoonful every hour or two. In 24 hours your cough will be conquered or very nearly so. Even whooping cough is greatly relieved in this way.

The above mixture makes a full pint—a family supply—of the finest cough syrup that money could buy—at a cost of only 54 cents. Easily prepared in 5 minutes. Full directions with Pinex.

This Pinex and Sugar Syrup preparation takes right hold of a cough and gives almost immediate relief. It loosens the dry, hoarse or tight cough in a way that is really remarkable. Also quickly heals the inflamed membranes which accompany a painful cough, and stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. Excellent for bronchitis, spasmodic croup and winter coughs. Keeps perfectly and tastes good—children like it.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in quinine, which is so healing to the membranes.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex"—do not accept anything else. A guarantee of absolute satisfaction, or money promptly refunded goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Result-getters—the Want Ads.

Boy or Girl? Great Question!

This brings to many minds an old and tried family remedy—an external application known as "Mother's Friend." During the period of expectancy it is applied to the abdominal muscles and is designed to soothe the intricate network of nerves involved. In this manner it has such a splendid influence as to justify its use in all cases of coming motherhood. It has been generally recommended for years and years and those who have used it speak in highest praise of the immense relief it affords. Particularly do these knowing mothers speak of the absence of morning sickness, absence of strain on the ligaments and freedom from those many other distresses which are usually looked forward to with so much concern.

There is no question but what "Mother's Friend" has a marked tendency to relieve the mind and this of itself in addition to the physical relief has given it a very wide popularity among women. It is absolutely safe to use, renders the skin pliable, is penetrating in its nature and is composed of those emollients best suited to thoroughly lubricate the nervous, muscular, tendons and joints involved.

You can obtain "Mother's Friend" at almost any drug store. It is prepared only by Bradford-Riedelator Co., 401 Lamar Bldg., Atlanta, Ga.

"GETS IT" FOR CORNS SURE AS SUNRISE

New Plan. Corns Shriveled, Vanish.

Until "GETS-IT" was born nobody was ever sure of getting rid of a corn. Corn treatments nearly all contained the same ingredients, only some were liquid, some plasters, some "wrap-

pers" and some in salve form. Now comes "GETS-IT" with a newly discovered formula—the corn cure on a new principle and a simple plan that never fails. This is why "GETS-IT" has grown in three years to be the biggest selling corn cure the world has ever known.

There's no more need of fussing with corns, no more digging or cutting. There's nothing to press down on the corn, nothing to inflame the flesh, to "pull" the corn or cause pain. Put two drops of "GETS-IT" on in two seconds. That's all. For any corn, callus, wart or bunion.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.
